TRIUMPH GENUINE PARTS

Spark plugs, brake pads and many other parts and service items are available through your authorised Triumph dealer. Triumph Genuine Parts support all Hinckley Triumphs.

SILENCERS*

Triumph Accessory silencers do not conform to EPA noise standards. Use on motorcycles subject to EPA regulation constitutes tampering and is a violation of federal law. These products are designed for closed circuit competition only.

Triumph Accessory silencers may require carburettor re-jetting or specific tune download depending on model. Where required, appropriate jets are supplied with silencers and after market tune conditions for fuel injected models are available from authorised Triumph dealers.

ALARMS

All Triumph Motorcycles are equipped with an alarm connector block in the wiring loom. This allows the Triumph alarm system to be quickly and easily fitted without any modification of the wiring loom.

The Triumph alarm has been developed from the Datatool S3 alarm immobiliser and features include:

- Secure PIN override – set your own PIN to disarm if you lose transmitter
- Selectable silent or audible arming signal
- Intelligent auto sleep mode – protects battery voltage level
- Hazard light function – activated by remote control
- Minimal current drain – 2mA in standard mode
- Selectable siren tone – eight tone options
- Internal power siren – dBA 117
- Protective reaction – siren, hazard lights and 2 circuit immobilisation
- Failsafe relays – added rider safety
- Fluid movement detection – patent applied for
- Transmitter battery level warning – before it stops working
- Random code system – secure disarming
- Diagnostic LED – tells you cause of system reaction
- Pre-reaction alert – warning beeps when nudged
- Thatcham Category MC1 compliant
- Complies with The British Insurance Industry's Criteria for Motorcycle Security
- Cert No: TMC1-84/1001
- SCM approved

WARNING

1. Owners should be aware that only Triumph Genuine Parts, accessories and conversions for any Triumph motorcycle should be fitted to the motorcycle by an authorised Triumph dealer.

Triumph does not accept any liability whatsoever for defects caused by the fitting of non-approved parts, accessories or conversions or the fitting of any approved parts, accessories or conversions by non-approved personnel.

In particular, it is extremely hazardous to fit or replace parts or accessories whose fitting requires the dismantling of, or addition to, either the electrical or fuel systems and any such modification could cause a safety hazard.

2. Only Triumph Genuine Parts should be used to service, repair or convert Triumph motorcycles. To ensure that Triumph Genuine Parts are used, always order parts, accessories and conversions from an authorised dealer. The fitting of non-approved parts, accessories or conversions may adversely affect the handling, stability or other aspects of the motorcycle operation which may result in an accident causing serious injury or death.

3. Always have Triumph Genuine Parts, accessories and conversions fitted by an authorised Triumph dealer. The fitting of part, accessories and conversions by a dealer who is not an authorised Triumph dealer may affect the handling, stability or other aspects of the motorcycle operation which may result in an accident causing serious injury or death.

4. Always have Triumph Genuine Parts, accessories and conversions fitted by a trained technician. To ensure that a trained technician is used, have an authorised Triumph dealer fit the parts. The fitting of parts, accessories and conversions by personnel other than a trained technician at an authorised Triumph dealer may affect the handling, stability or other aspects of the motorcycle operation which may result in an accident causing serious injury or death.

5. A number of accessories are supplied in kit form and require assembly prior to fitting. Please consult your dealer for full details.
