CLOTHING & ACCESSORIES 2003

TRIUMPH®

THE TRIUMPH TRIPLE CONNECTION RANGE

From the rebirth of Triumph in 1991 there was a call from customers to produce clothing for the Triumph enthusiast. They wanted to display their allegiance to the brand. From this chorus grew the Triumph clothing range.

The Triumph motorcycle clothing range is designed and made to the standards of our motorcycles. Individuality, style, function and quality combine to offer you the choice of the world's finest motorcycle clothing, leisure equipment and personal accessories.

All Triumph clothing is designed and developed in-house from our base in Hinckley, Leicestershire. Development and design go hand in hand to produce some of the world's finest rider apparel. Triumph long distance test riders test every item of clothing; they cover 10,000 miles with every garment. All to ensure that it meets Triumph's high standards of quality.

At Triumph every design brief begins with thought for performance and safety. With careful research and use of the most innovative and technically advanced fabrics, here begins every Triumph garment.

The Triumph clothing range appeals to consumers beyond just the Triumph rider. Our reputation and use of subtle branding has attracted the attention of the whole motorcycle community. Around the world, riders of every marque now covet the Triumph brand.
