TRIUMPH

Accessories

Individual. The one word that encapsulates the spirit and appeal of Triumph. The ride, the look, the whole experience are totally in tune with those who want to go their own way and not the way of others.

Triumph Accessories mean you can express your own individuality to the full.

And because they all come with a Triumph Warranty, you won't have to accept half measures in quality.

We style and develop the accessories at exactly the same time as the motorcycles, so they look and feel a fully integrated part of the overall design.

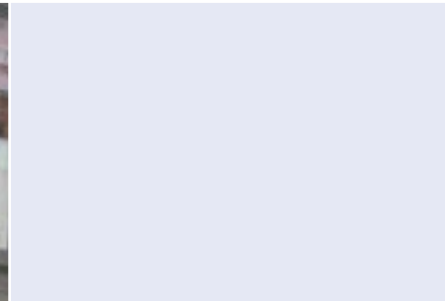

Every single one undergoes a rigorous testing programme on the bike itself. Hundreds of road miles are covered over test courses built expressly for this purpose.

As an example our luggage systems are designed to ensure the performance of the chassis isn't compromised.

And we know our chrome accessories will look good for longer because our testing process involves salt-spraying them for 240 hours, non-stop.

Look through this brochure and then talk to your Triumph Dealer, where you will find a very personal approach to personalising your bike.

Tested, Tried & Trusted by Triumph.

TRIUMPH

Model shown with: Tribal Custom Paint with Fly Screen • Colour Co-ordinated Radiator End Caps • Roadster Seat • Knee Pads

Eat up the miles with Triumph's stunning range of Cruisers. Each a perfect balance of power and performance. Including the amazing Rocket III, the most impressive production motorcycle in the world. Already a modern legend.

Accessories

Leather Panniers

Manufactured in England from the very highest quality, genuine 4mm aniline leather. The triple chrome buckles feature a quick release system for easy access.

And with a capacity of 28 litres each, they can hold a huge amount of those things needed for continuous cruising.

(The pannier dresser rail kit is available separately.)

SPEED TRIPLE

Speed Triple Flyscreen. Styled to reflect the same distinctive, angular design theme of the motorcycle itself and makes a real improvement to wind flow around the rider. This accessory not only looks good but is highly effective as well.

And when fitted alongside the Belly Pan and Seat Cowl, it forms a fully integrated styling package.

Accessories

Go your own way but do it with ease and certainty by fitting the Triumph Explorer Satellite Navigation system.

The compact unit measuring just 17cm x 8cm, guides you along at every twist and turn of your journey.

The Triumph Explorer comes complete with country specific directional information.

When you decide where you are heading for, plan the route on your computer and download the information onto the memory card supplied. All that's left to do is place it into the Explorer and get going.

On the way, you can navigate either by using the screen display or following audio instructions through the helmet headphones.

All functions can be accessed via a touch-screen menu that's very easy to use.

Find your way to your nearest Triumph Dealer and he will navigate his way through all the details with you.

Triumph Genuine Parts

Spark plugs, brake pads and many other parts and service items are available through your authorised Triumph dealer. Triumph Genuine Parts support all Hinckley Triumphs.

*Silencers

Triumph Accessory silencers do not conform to EPA noise standards. Use on motorcycles subject to EPA regulation constitutes tampering and is a violation of federal law. These products are designed for closed circuit competition only.

Triumph Accessory silencers may require carburettor re-jetting or specific tune download depending on model. Where required, appropriate jets are supplied with silencers and after market tune conditions for fuel injected models are available from authorised Triumph dealers.

Alarms

All Triumph Motorcycles are equipped with an alarm connector block in the wiring loom. This allows the Triumph alarm system to be quickly and easily fitted without any modification of the wiring loom.

The Triumph alarm has been developed from the Datatool S3 alarm immobiliser and features include:

- Secure PIN override – set your own PIN to disarm if you lose transmitter
- Selectable silent or audible arming signal
- Intelligent auto sleep mode – protects battery voltage level
- Hazard light function – activated by remote control
- Minimal current drain – 2mA in standard mode
- Selectable siren tone – eight tone options
- Internal power siren – dBA 117
- Protective reaction – siren, hazard lights and 2 circuit immobilisation
- Failsafe relays – added rider safety
- Fluid movement detection – patent applied for
- Transmitter battery level warning – before it stops working

At Triumph we want every ride to be safe and enjoyable. Be sure to ride safely, defensively and within the limits of the law, the road conditions and your abilities. Take a riding skills course. Always wear an approved helmet, eye protection and appropriate protective clothing and always insist that any passenger does the same. Never ride while under the influence of alcohol or drugs. Study your owner's manual and always inspect your Triumph before riding.

Warning

1. Owners should be aware that only Triumph Genuine Parts, accessories and conversions for any Triumph motorcycle should be fitted to the motorcycle by an authorised Triumph dealer.

Triumph does not accept any liability whatsoever for defects caused by the fitting of non-approved parts, accessories or conversions, or the fitting of any approved parts, accessories or conversions by non-approved personnel.

In particular, it is extremely hazardous to fit or replace parts or accessories whose fitting requires the dismantling of, or addition to, either the electrical or fuel systems and any such modification could cause a safety hazard.

2. Only Triumph Genuine Parts should be used to service, repair or convert Triumph motorcycles. To ensure that Triumph Genuine Parts are used, always order parts, accessories and conversions from an authorised dealer. The fitting of non-approved parts, accessories or conversions may adversely affect the handling, stability or other aspects of the motorcycle's operation which may result in an accident causing serious injury or death.

3. Always have Triumph Genuine Parts, accessories and conversions fitted by an authorised Triumph dealer. The fitting of parts, accessories and conversions by a dealer who is not an authorised Triumph dealer may affect the handling, stability or other aspects of the motorcycle's operation which may result in an accident causing serious injury or death.

4. Always have Triumph Genuine Parts, accessories and conversions fitted by a trained technician. To ensure that a trained technician is used, have an authorised Triumph dealer fit the parts. The fitting of parts, accessories and conversions by personnel other than a trained technician at an authorised Triumph dealer may affect the handling, stability or other aspects of the motorcycle's operation which may result in an accident causing serious injury or death.

5. A number of accessories are supplied in kit form and require assembly prior to fitting. Please consult your dealer for full details.
